

# Parrenthorn High School Greater Manchester

## Project Information

*Address:* Heywood Road  
Prestwich  
Greater Manchester  
M25 2GR

*Facility:* 101.4m x 63.0m synthetic turf pitch

*Sports:* Hockey, Football, Rugby Training, Rounders, Athletics and training

*Pitch System:*

- High Quality sand-dressed artificial grass surface
- VHAF Rubber Crumb shock pad
- Engineered macadam base
- Underlying piped drainage system

*Built:* Autumn 2007

*Refurbishment Cost:* £550,000

*Contractor:* Midland CSB Ltd

### *Points Benefits*

- Enhanced and versatile space for PE & sports development
- High quality hockey surface for improved coaching and practice
- Robust and durable facility for external sports & community groups
- Easy Maintenance

### *Points of Interest*

- The original surface was Redgra - shale, and was stripped from the pitch during construction. This allowed the underlying granular foundation to be re-constructed and form part of the new pitch base - also providing cost savings. The project was funded by the Big Lottery Fund.
